dynabook

Dynabook USB Type-C dock

One cable.
A world of possibilities

Maximise your productivity with the Dynabook USB-C Dock. Compatible with select Portégé® and Tecra® laptops, you can quickly and effortlessly connect to your desktop environment with one single 1.0M USB-C cable.
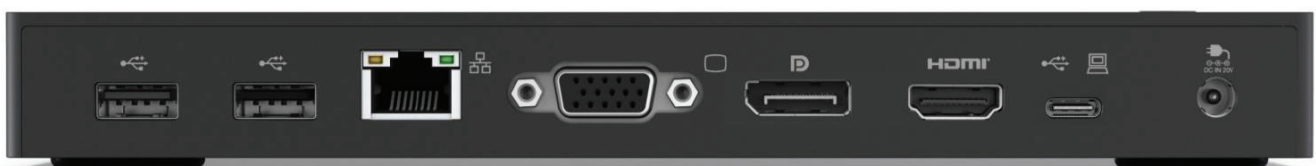

With its simple single cable connection, the Dynabook USB-C Dock eliminates the hassle of connecting multiple cables every time you get back to your desk while providing power to charge your laptop and fast access to your keyboard, mouse, printer, and other high speed devices.

The USB-C dock features a full complement of ports including HDMI, DisplayPort and VGA, microphone/headphone combo, four USB 3.1 ports, one USB-C port, Gigabit Ethernet and SD Card slot.
