

Take Gigabit to the Desktop and Expand Wired Connectivity

NETGEAR 300 Series Gigabit Ethernet Unmanaged Switches provide easy, reliable, and affordable network connectivity for small and medium offices. With these unmanaged plug-and-play switches, you can expand your network connections to multiple devices instantly. The GS324P, GS324PP, and GS348PP with Power-over-Ethernet (PoE) provides power and data from a single Ethernet cable to devices such as IP cameras, VoIP/Internet-based phones, wireless access points, etc. With these unmanaged plug-and-play switches, you can expand your network connections to multiple devices instantly.

Highlights

- Auto-MDI/MDIX eliminates the need for crossover cables
- LED indicators for ease of use
- Energy-efficient technology for power savings
- Auto-negotiation for automatic connection at the highest common speed between switch and an end device
- Non-blocking switching architecture for maximum throughput at wire speed
- Plug-and-play; no setup required
- Durable and rugged metal case
- Flexible rack mount/desktop mounting options
- Ideal for small and medium offices
- Standards-based technology ensures interoperability with any standardsbased devices in the existing network

- Power up to 30W per device
- Desktop and rackmountable
- 802.3at Power Over Ethernet (PoE) for IP cameras, VoIP/Internet-based phones, wireless access points
- NETGEAR's unique PoE power autobalance and allocation technology automatically balances the PoE power based on the device needs independent of PoE class detected

Features	GS324P	GS324PP	GS348PP
10/100/1000Mbps Ports (Auto Uplink)	24	24	48
Enclosure	Metal	Metal	Metal
Connector Type	Metal	Metal	Metal
Form Factor	Rack mount/ Desktop	Rack mount/ Desktop	Rack mount/ Desktop
Power On/Off Switch	NA	NA	NA
Performance Specification			
Bandwidth (Non-Blocking)	48 Gbps	48 Gbps	96Gbps
Packet Buffer Memory (Dynamically shared across only used ports)	192 KB	192 KB	1.5MB
Jumbo Frame Support	10000 bytes	10000 bytes	12288 bytes
Acoustic noise level @ 25°C (dBA)	31.0db	34.0db	36.0db
Queue WRR (Weighted Round Robin) Ratio	1:2:4:8	1:2:4:8	1:3:5:7:8:10:12:15
Forwarding Rate (using 64-byte packets) - 1000Mbps Port	1,448,000 pps	1,448,000 pps	1,448,000 pps
Latency (using 64-byte packets) - 1000Mbps Port (average)	< 4 µsec	< 4 µsec	< 4 µsec
MAC Address Table Size	8K	8K	8K
Auto MDI/MDI-X Cable Detection	Yes	Yes	Yes
Auto-sensing Half/Full Duplex Switched Ports	Yes	Yes	Yes
Mean Time Between Failures (MTBF) @ 25° C	1,193,574 hours	667,762 hours	570,972 hours

This product comes with a limited warranty that is valid only if purchased from a NETGEAR authorized reseller, and modifications to product may void the warranty; covers hardware, fans, and internal power supplies - not software or external power supplies; see http://www.netgear.com/about/warranty/ for details. Lifetime technical support includes basic phone support for 90 days from purchase date and lifetime online chat support when purchased from a NETGEAR authorized reseller.

 $[\]hbox{``The NETGEAR On Call 24x7 contract provides unlimited phone, chat and email technical support for your networking product.}\\$

¹ Maximum PoE power supplied is 30W per port, but not to exceed total power budget supplied across all PoE connected devices.
